THE ROCKETFELLERS

PREVIOUSLY...

On the run from the 25th century protecting stolen life-extension tech, Roland Rocketfeller and his family hide in the year 2025. They are hunted by the tech's owner, the conglomerate known as Cronex, and its lead security officer, who also just happens to be Roland's sister: Raina Rocketfeller.

Now that he believes Raina has found them, Roland starts packing up their gear to find a safer place in time to hide...

REDCOAT #15

1909: Part One. It's now the early 20th century, and Simon Pure has traded gunpowder and glory for quiet days and a clock-punching job. But an old friend will drag the immortal redcoat back to face a grave threat. Simon, of all people, should understand that the past is never dead. And he is about to be reminded why.

HORNSBY & HALO #11

It's Home Alone in the Big Apple! Rose and Zach's parents are each invited to New York City on Halloween by secret benefactors who have nefarious plans to separate them from their kids. It leads Rose and Zach to the catacombs beneath the city to discover an incredibly powerful artifact that could change their Celestial and Infernal lives forever.

THE ROCKETFELLERS #9

This senses-shattering issue gets to the BIG WHY!

WHY did the Rocketfellers leave the 25th Century behind? WHY did Raina betray her family and hunt them down? WHY did Rex the dog cross the road? To get to the other "Time"!

SISTERHOOD: A HYDE STREET STORY #4 (OF 5)

Violet's spirit—still trapped in Sophie's body—has struck again, this time murdering several sorority sisters. With Sophie as the primary suspect, she's taken into police custody, now aware that her friend is the culprit. As a rift between them widens, will Sophie be able to find a way out of this mess? All roads lead back to Hyde Street.
